Article 11 – CONDITIONS FINANCIERES

11.1 Les prix sont établis en fonction des conditions économiques connues à ce jour. Ils sont fermes et non révisables pour les commandes reçues dans les deux mois à compter de la date du présent devis. La responsabilité concernant la garde du matériel est transférée au CLIENT qui assumera la charge des risques dès l'arrivée du matériel sur le site.

En outre, à compter du 1er janvier 2013, une indemnité forfaitaire pour frais de recouvrement, d'un montant de QUARANTE (40) Euros sera due, de plein droit et sans notification préalable, en cas de retard de paiement. Article 12 – RESERVE DE PROPRIETE

Le GROUPE GALILEO Sarl conserve l'entière propriété des matériels livrés jusqu'au jour de leur parfait paiement. En cas de saisie opérée par des tiers sur les matériels livrés par le GROUPE GALILEO Sarl, le CLIENT est tenu d'en informer immédiatement celui-ci. Article 13 – ATTRIBUTION DE COMPETENCE

Toute contestation de quelque nature qu'elle soit et qui ne pourrait être réglée à l'amiable, est de convention expresse soumise à la juridiction exclusive des Tribunaux de Commerce de Paris, seuls compétents.

Article 14 – DROIT APPLICABLE

Toute question relative aux présentes conditions générales de vente qui ne serait pas traitée par les présentes stipulations contractuelles, sera régie exclusivement par la loi française.

Article 15 – FORCE MAJEURE

La survenance d'un cas de force majeure a pour effet de suspendre l'exécution des obligations contractuelles de notre société.

Est un cas de force majeure, tout évènement indépendant de la volonté de notre société et faisant obstacle à son fonctionnement normal au stade de la fabrication ou de l'expédition des marchandises.

Constituent notamment des cas de force majeure, les grèves totales ou partielles entravant la bonne marche de notre société ou celle de l'un de nos fournisseurs, sous-traitants ou transporteurs ainsi que l'interruption des transports, de la fourniture d'énergie, de matières premières ou de pièces détachées.

Dans de telles circonstances, notre société préviendra le client, par écrit, dans les 24 heures de la date de survenance des évènements, le contrat liant notre société et le client, étant suspendu de plein droit, sans indemnité, à compter de la date de survenance de l'évènement.

Si l'évènement venait à durer plus de 30 jours à compter de la date de survenance de celui-ci, le contrat de vente conclu par notre société et le client pourra être résilié par la partie la plus diligente sans qu'aucune des parties puissent prétendre à l'octroi de dommages et intérêts.

Le sort des acomptes déjà versés dépend de la nature de la commande et de la situation de force majeure à laquelle vous vous trouvez confrontés.

En effet, s'il s'agit d'une commande spéciale dont une grève des transports bloque l'acheminement, il serait judicieux d'allonger le délai de carence ou même, de supprimer totalement cette faculté de résiliation, celle-ci étant alors cantonnée à la phase fabrication.

Nous vous rappelons que si la force majeure permet aux parties en présence de ne pas remplir leurs obligations contractuelles, elle ne doit pas pour autant justifier une situation contractuellement déséquilibrée.

Cette résiliation prendra effet à la date de la première présentation de la lettre recommandée avec accusé de réception dénonçant ladite vente.
